

## Soy Rice Peptides

### FACT SHEET

**Description:** Botanical active complex consisting of yeast enzymes (oxidoreductases), soy peptides & rice peptides (hydrolyzed rice bran extract). Yellowish liquid, no odor. Soluble in water. CAS# pending.

**INCI Name:** Oxido-reductases, soy peptides, hydrolyzed rice bran extract.

**Properties:** Dramatically reduces dark circles & puffiness around the eyes (clinical study showed 35% reduction after 8 weeks treatment), improves skin smoothness & texture, improves microcirculation of the blood in the skin.

**Use:** Can be easily incorporated into aqueous phase of formulas, should be processed at <104oF (<40oC), is stable at pH 5.5 8.0. Typical use level: 2 - 5%.

**Applications:** Anti-aging & anti-wrinkle creams & lotions, eye gels.

**Based on 1 ounce formulation:**

**1% of 1 oz – 1/8 tsp** Soy Rice Peptides to 1 oz water/mixture

**2% of 1 oz – 1/4 tsp** Soy Rice Peptides to 1 oz water/mixture

**4% of 1 oz – 1/2 tsp** Soy Rice Peptides to 1 oz water/mixture

**5% of 1 oz – 2/3 tsp** Soy Rice Peptides to 1 oz water/mixture

**For a 3% formulation:**

To a **4 oz** base for **3%** add **1 1/4 tsp**

To a **1-gallon** base for **3%** add **3/4 cup**
